

Summary of Revisions to PLCI Conservation Agreement

1. Purpose – Shifted from describing the purpose of the Initiative to the purpose of the Agreement.
2. Parties – No significant changes except some clarifying language for supporting non-signatories.
3. Status and distribution – Removed summaries and referred to RIPs and assessments since this information changes more often than every 5 years. Revised RMU language because RMUs have grown in number and evolved from 10 years ago.
4. Goal – No changes.
5. Objectives – Reordered the objectives and made small editorial revisions. Added climate change to intro paragraph.
6. Other Species – No changes.
7. Authorities – No changes.
8. Conservation Actions – Revised to reflect current structure and committees. Added information about NFHP.
9. Funding Conservation Actions – Minimally revised to reflect current operations.
10. Duration – No changes.
11. Federal Agency Compliance – No changes.
