PACIFIC LAMPREY CONSERVATION INITIATIVE

Welcome to IX10

Welcome to the 10th Annual Lamprey Information Exchange (IX10)! We welcome you all, to share knowledge, strengthen relationships, and support native Lampreys! IX10 will be held virtually December 1–4, 2026

The Pacific Lamprey Conservation Initiative (PLCI) brings partners together to support the conservation and restoration of Pacific Lamprey and their habitats. The annual Lamprey Information Exchange provides an opportunity to learn from one another, share ongoing work, and discuss approaches to lamprey conservation.

Information Exchange (IX)

Event Guide

IX10 will take place virtually December 1–4, 2026. Daily start and end times will be announced in the finalized program.

Time Zone

All event times will be listed in Pacific Time (PT). Please check the corresponding time in your location.

Joining

Access links and instructions will be shared before the event. The finalized guide will explain where to join presentations, view posters, and participate in other event activities.
Please check the latest version of this guide before joining.

Participating

Session moderators will explain how to submit questions and participate in discussions. Please follow their instructions, keep contributions relevant, and allow space for others to participate.

Technology

Plan to join from a device with a reliable internet connection and working audio. Check your setup before the event.

Questions?

For accessibility or questions about participation, or help accessing event information, please contact the event organizers as early as possible so we can assist your needs.

Information Exchange (IX)

Code of Conduct

Our Commitment

We at the Pacific Lamprey Conservation Initiative (PLCI) are committed to providing a virtual IX environment where everyone feels welcomed, respected, and valued. Discrimination, harassment, vulgarity, gossiping, and bullying are not acceptable nor

Who This Applies To

This Codecovers everyone. It includes, but is not limited to, presenters, team members, and all attendees. No exceptions. By attending a PLCI event, you agree to uphold these standards of professional and personal conduct.

Code of Conduct

By registering for this event, you acknowledge that you have read, understood, and agree to abide by this Code of Conduct. You acknowledge your responsibility to:

1. **Embrace Diversity:** Appreciate everyone's unique background and identity. Be mindful that you may be working with people from differing cultures, backgrounds, or beliefs.
2. **Respect one another:** Commit to treating all people with respect and will not bully or otherwise negatively impact other participants inside and outside the event.
3. **Create an Inclusive Environment:** You will not engage or start any negative language or behavior pertaining to anyone's race, age, sexual orientation, gender, ability, religion, or any other personal identifiers including expertise.
4. **Talk openly and respectfully:** Encourage clear and direct communication about any changes or issues that arise to keep everyone informed and maintain a collaborative atmosphere. We at PLCI are here for you.
5. **Be Responsible:** If you see or experience behavior that goes against this Code, please report it. We all play a part in keeping our event respectful and engaging.
6. **Prohibited Conduct:** Physical or verbal abuse, stalking, threatening behavior, intoxication, gossiping, bullying, or professional sabotage is strictly prohibited.

How to Report

If you're uncomfortable or see something wrong, **notify Mool-Mool Kaltsukis (ckaltsuks@critfc.org) and Grace Adams (gadams@nrccorp.com). Either in zoom private chats or via email.**

Thank you

Thank you for your interest and patience as we will update the daily schedules, session details, speaker biographies, and event access links will be added as they are confirmed.

We look forward to gathering with you!
December 1–4, 2026 • Virtual
